

# BOOMBAG KIT

## #FightTheFloods

→ EQUIVALENT OF 12 SANDBAGS IN HERE, JUST ADD WATER!

Our BoomBags™ are designed to stretch the length of a larger doorway with each section sized to match that of a standard sandbag. Our BoomBag™ Kit has the equivalent of 12 sandbags in just one kit. Apply the FloodScreen™ in front of your doorway, add water to inflate our FloodBags™ and in just minutes you've an impenetrable barrier

### → TECH SPECS

Employing a super absorbent polymer (SAP) our bags inflate in roughly 3 minutes when added to any liquid. They will then solidify and form to shape a regular sandbag.

<b>Length:</b>	135cm
